To Mr. Smith And Mr. Long

The class of 1994 would be honored to dedicate our yearbook to Professor Smith and Professor Long. These two men drive 100 miles to and from Fisher, five days a week! They bring with them their unique ways of teaching.

We would like to thank Mr. Smith and Mr. Long for the dedication they show us, both in the classroom and outside.

Mr. Smith has taught many of us about the History of Western Civilization, American Government, Politics, and Economics. Sometimes against our will! He has also inspired many people to pursue careers we may have thought impossible before meeting him. We thank him for this.

Mr. Long has taught many of us about Accounting, on many levels. He has offered us a never ending challenge. He tells us we have what it takes to meet any challenge that comes our way. We are grateful to him for this.

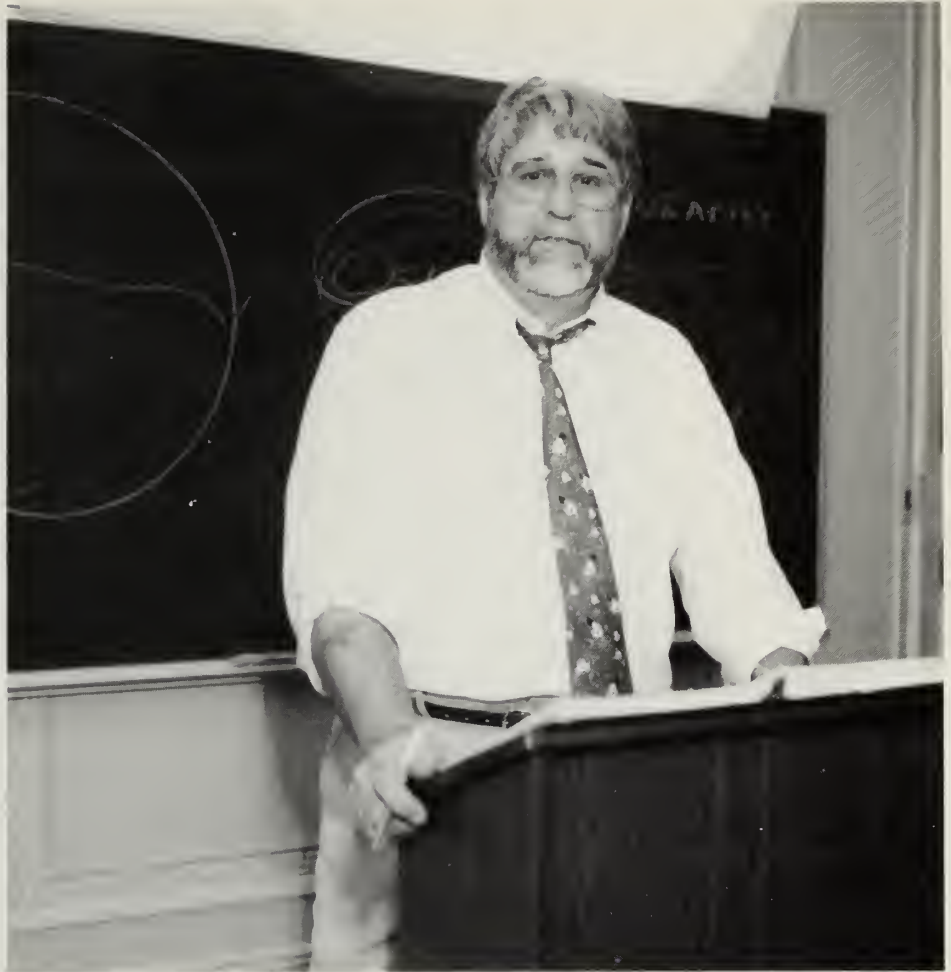

Mr. Long and Mr. Smith have made our time at Fisher memorable, interesting, and a great learning experience. These two men are great friends, to us and to each other.

We would like to thank them for all they are, and all they have done for us. We hope many classes to come will have the pleasure of knowing Mr. David Smith and Mr. Leonard Long!

President's Message

President Fisher with Students Charlene Charles, Amanda Bulger, and Lynn Leonard.

"Fisher Fever" has spread to every corner of the college. It is on Beacon Street, in the classroom, and in the dorm. It can even be found on Newbury Street, Quincy Market, and now Rome. Once you get it, you may never get rid of it. Its symptoms are an expanding perspective, personal growth, and a passion for life.

Each student arrives at college with hopes and dreams. These hopes and dreams develop and are realized through the variety and quality of experience we provide. Whether it be learning in the classroom, feeling the beat of the city or traveling across the Atlantic to Europe, Fisher College students find a variety not available at most institutions. It is the hope of the Trustees, Administration, and Faculty that what you experienced at Fisher College will position you for success. Good Luck.

As for "Fisher Fever" — CATCH IT!

*Christian Fisher
President*

Vice President's Message

Ms. Cantor on the beautiful library staircase.

When you selected Fisher, as your college of choice, a wealth of opportunities was placed within your reach.

As an all women's college we have developed a curriculum and social setting necessary for Fisher women to become leaders. After your two years of College you have acquired the knowledge needed to succeed in business, or continue your education at a four-year college, or exercise your entrepreneurial spirit. You will have also experienced at least one international trip which gives you an advantage in this global world.

Fisher Olympics, holiday dances, trips to West Point, our basketball team (Fisher Falcons), bowling, skiing, white water rafting, dormitory decorating contests, special dinners, sweetheart balls, mother/daughter, father/daughter, and family weekends, F.I.R.S.T., and quiet chats with Fisher friends are memories that will linger with you throughout your life, as positive steps in your development as a self-assured, successful woman. A woman who will be a role model for other women to emulate.

*Roberta E. Cantor
Vice President for Administration*

Dean's Message

TO THE CLASS OF 1994

I've been told by the editors that the theme of the 1994 The Beacon is Fisher Fever.

I'm reminded of the story of the man who, when solicited to contribute to a worthy charitable organization, responded negatively saying that he "only gives to diseases."

To someone my age, "fever" is more often associated with disease than good health. However, I assume that in the eyes of the yearbook editors "fever" at Fisher College has a positive connotation.

The College has become livelier each year. I suspect it is mainly due to the increased heterogeneity of the student body. Students coming from different countries, different social classes and races add something vital and exciting to life here. The annual trips abroad through the F.I.R.S.T. program certainly add to the level of anticipation of "good things ahead". Students participate more in college events and happenings.

These are positive developments and whether they have truly reached a "fever pitch" is less important than the fact that they are helping to build a sense of community here at Fisher College.

Congratulations to the Class of 1994!

*Rodney J. Hinkle
Dean of the College*

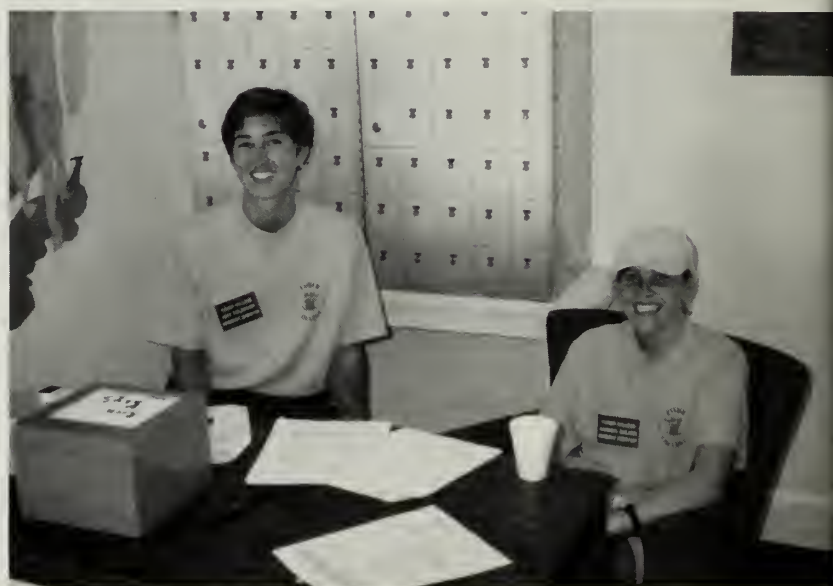

SCHOOL LIFE

Moving In Day

"I live on the fifth floor, and you say there's no elevator?"

Many things are overheard as you walk along in front of 102 to 118 Beacon Street on Fisher's moving in day. Parents and students alike are nervous, happy, confused, anxious ... You name it, we felt it. Everyone's wandering around wondering where to go, what to do, will I like my room-mates, when's lunch, and how the heck are we going to get all this junk up all those stairs. Whatever it was that went through our minds, we all knew we were in for a great adventure.

Can I take your order?

Hi, and welcome to Fisher College.

We're back!

I think I know what I'm doing.

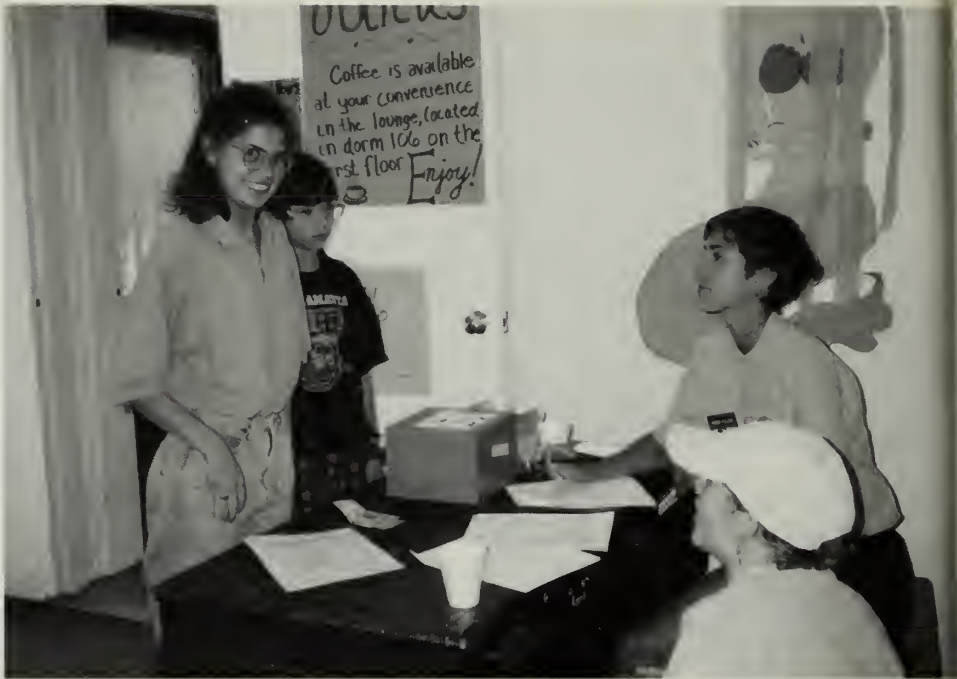

Please don't leave me here.

If we stand like this, maybe people will really come in.

Oh God, who are these people.

New York State of mind. What, Casey?

Wow-I never realized I had this much garbage.

What have I gotten myself into?

Smile pretty for the camera.

Don't leave me, I need to be educated also.

Advisor Martha Scott

To the Yearbook Staff:

I am really pleased with the 1994 Yearbook. I think it looks great.

The enthusiasm and dedication to this very large project was wonderful. What an example of Fisher Fever! Two dozen women worked mostly independently and sometimes together at weekly meetings to handle hundreds of details. These ranged from labelling photos to stuffing mailboxes, from interviewing teachers to typing lists of names. And what's more, it was done on deadline.

Honoring commitments says it all. That is why I am so proud of my team. Thank you, yearbook staff for a great job and many hours of work. Best of luck in the future.

*Sincerely,
Martha Scott, Advisor*

Advisor Nancy Jensen

Ms. Jensen, Julie, and Kristan discuss plans.

Helen, Tina, and Ana Sousa share their views.

The Volunteer/Community Service Club has this year concentrated mostly on the homeless. In the fall, we ran a clothing drive for Rosie's Place (a shelter for women and children) in Boston and a toy drive for children at the Homeless Family Shelter at the Cambridge YWCA. Our spring food drive benefited homeless and poor families. Also, we served at the Pine Street Inn, yet another homeless shelter in Boston.

Thank you to the members of the club who have given generously of their time and talents to make these activities successful. And thanks to the Fisher College Community who have generously donated to our various drives.

Advisor Karen Myers

Club Officers; Secretary Tracy Mazariegos, Vice President Xiao Ling Mei, President Kelly Crosby

The mission of the Commuter Club is to serve as a vehicle and a voice for commuting students to be a part of all areas of student life within the Fisher community.

The officers are President Kelly Crosby, Vice President Xiao Ling Mei, and Secretary Tracy Mazariegos. Officers and club members enjoy their time together discussing school life and planning events to involve the entire Fisher student body.

Advisor Prudence Van Winkle

There were 15 new members inducted in the Nu Omega chapter this November. To be inducted the student must have at least a 3.5 GPA for at least two consecutive semesters. The officers this year are: President - Ana Sousa, Vice President - Wendy Overbaugh, Secretary - Ashanti King, and Treasurer - Rose Iannuzzo. Our activities include a Christmas tree decorating at Mass General Hospital. We helped make decorations with the children for their tree. Future plans include having a Multi-Cultural Day at Fisher in February.

Accounting Association

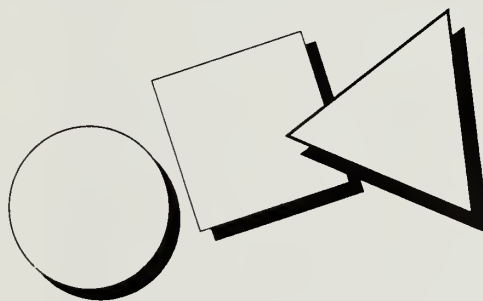

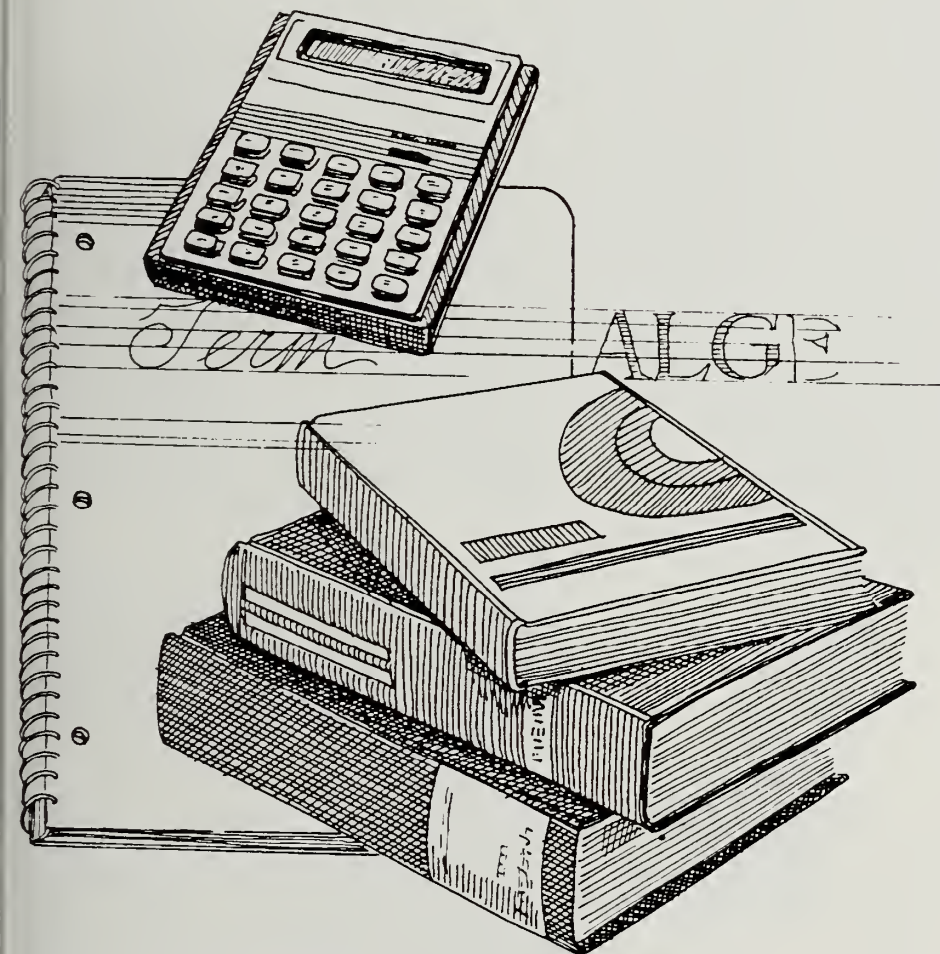

sociation officers - Back row: Leslie Condon, Kelly Crosby, Bridget McCarthy. Front row: Patricia vera, Jeannine Flynn, Julie DeParolisa, Vicki Turner-Hayes.

Advisor Leonard Long

The Accounting Association is a newly formed group of students that have achieved the recognition of the Institute of Management Accounting by receiving a student charter. The association gives the opportunity for all students (no matter what major) to learn about the business world and what it consists of. In the association we are planning field trips to different places to learn more about the way the business world works. With the approval of the administration of the college they assigned an advisor to the association to help us with our endeavors in our careers now and in the future. The Accounting Association's academic advisor is Professor Leonard Long.

Class Officers

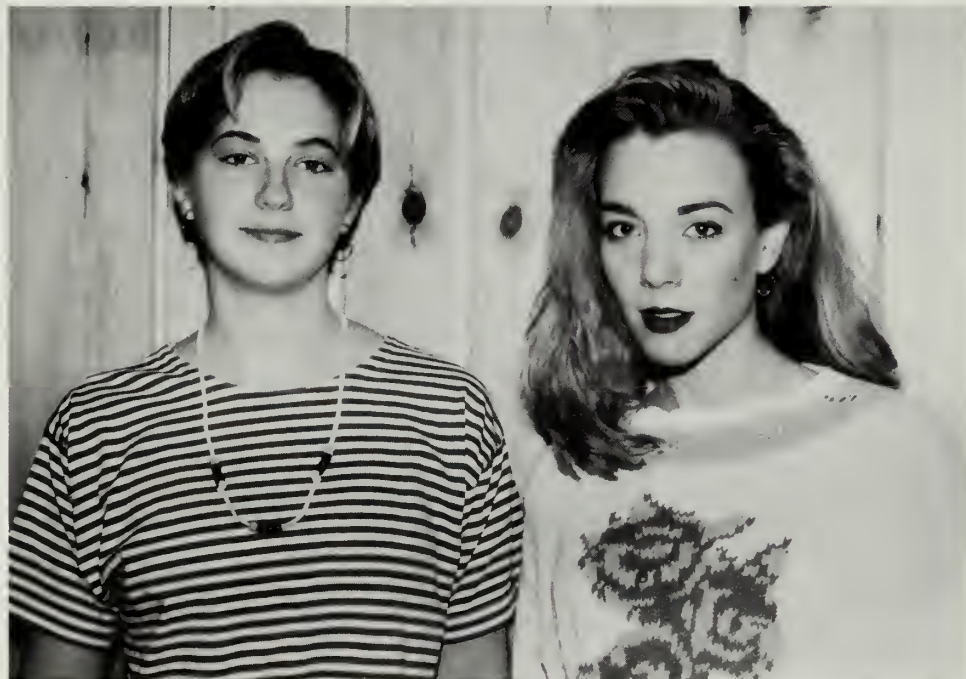

Senior Class Officers: Back row: President Amy Fraser, Advisor Linda Foley-Vinay, Treasurer Sandy Azor. Front row: Vice President Carrie Bonnavier, Secretary Charlene Charles.

Senior Class Advisor Linda Foley-Vinay

Due to the perseverance of its officers and advisor, this year was a great and successful one for the seniors. Many new things were accomplished this year. We held a dance for the first time, and an exciting senior class trip was initiated. This year's officers worked a lot for the benefit of the entire student body.

Also, in addition to bake sales, the class was involved in several different fund-raising efforts. Through these diverse efforts, we were able to donate a great class gift in thanks to all of the wonderful people who enriched our lives in so many new and different ways over the past two years.

Freshman Class Officers: Secretary Timika Szatkowski, President Tonja Downing. Missing: Vice President Brandy Charles

As Freshman Class officers our goals for this year include developing a student government within the school, meeting the wants and needs of the student body, and making our years here as beneficial and enjoyable as possible. In addition to the already planned activities for Fisher we hope to engage in more activities that will be both educationally and socially stimulating.

Freshman Class Advisor David Smith

Ninety Four

Environmental Club

Timika Szatkowski, Monica Allard, and Holly Hunter

The Environmental Club is a new group to Fisher College this year. Its membership consists of those students who are concerned about the environment and about making Boston a pleasurable place to live. Although the members this year are few in number, we hope to make a strong impact on our community and to make our fellow students more aware. We have several plans for the club. They include T-shirt sales to raise money to save the whales and promoting more recycling on campus. We also hope to be able to 'adopt' a baby penguin.

Coach Paul Needham

Stephanie Martin shows her form.

Due to popular request Fisher College formed a basketball team this year. We have 10 solid players. Paul Needham is our coach. We have tri-captains: Cathy Vargas, Wendy Overbaugh, and Stephanie Martin. Our games are against other small colleges in Mass, Rhode Island, and New Hampshire. So far we have a record of 54 points scored in a game, but we improve every time we play. Hopefully the Fisher Falcons will continue to grow in the years to come.

FACULTY

Faculty Message

The Fisher College Class of 1994 has accomplished much and will certainly accomplish more. Every day here has been an opportunity to grow, expand, reflect, and change. As students, you have learned the value of hard work and have experienced the satisfaction of completing a difficult task. From the elegance and brevity of mathematics, the scope and breadth of literature, the precision and wonder of science, you have been exposed to the wide and varied world of academic knowledge.

Now it is time to take with you everything that you have experienced during the past two years. All of your memories will serve you well, and all that you have learned will be put to good use. Thank you all for allowing me to be a part of your lives.

The First Trip Departs To Paris!

F I R S T

Things

F I R S T

FIRST Things FIRST

“

Ah! Paris, an experience that will not be forgotten. Notre Dame, The Museum of Louvre, and the Eiffel Tower, where the city of Paris looks beautiful at night. Kind of reminds me of New York City. Euro-Disney meant a day of having fun with not only the Parisians, but many people from different countries. The continental breakfast --- something very interesting. Would you like a croissant?

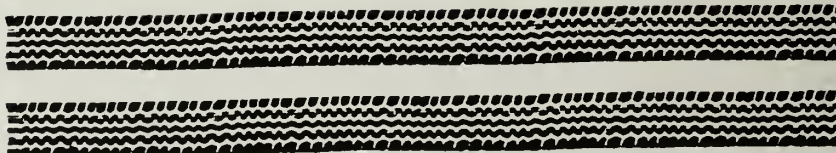

“

The sights were gorgeous! Versailles was outlined in gold. Notre Dame-what a beautiful cathedral.

The first thing I did the first night in Paris was to visit the Eiffel Tower. Even though I'm afraid of heights, I forced myself to ride to the top. What a view! All the lights! I went up again the next day. I could see all the fields then.

We all went to the Louvre to see the Mona Lisa. The museum was so huge, most of us got lost. Some people never found the Mona Lisa, but I found it right away.

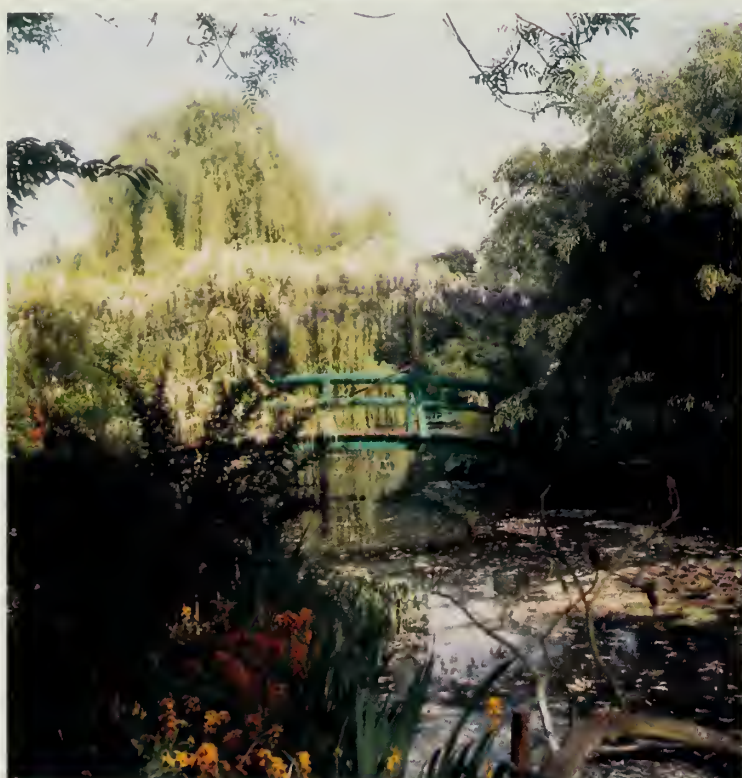

”

Everyone loves Tigger!

Monet's Garden

Flowers anyone!

Euro-Disney was so much fun. My favorite rides were Star Wars, Thunder Mountain, Captain Nemo, and Pirates of the Caribbean. The Swiss Family Robinson section was wonderful. Every room was in a tree. The Alice in Wonderland maze was made of shrubs. It was scary when the Queen of Hearts jumped up. Nothing was very crowded. There were no lines. So different from Orlando!

The flea market was a mile long. Lots of us bought our souvenirs here. I got my whole family Paris T-shirts.

Banquet Night

Is this food good or what?

R you asking me out?

“

The banquet was a chance to meet new people and see old, familiar faces. There was a feeling of excitement in the air. The food was good and the food service people were smiling and friendly. It was great to see everyone again.

Cedardale Outing

This place is like a big cage, how do we get out!

Are we having fun yet!

We can fly!

What started out as a cold, rainy, day of friends talking over coffee and tea turned into a fun, warm day of swimming, hot tub, basketball, volleyball, and more.

I can do it, I know I can. Pull! Pull! Pull!

So big deal, we can't dance, but we can smile.

Wow! I finally hit the ball, now what do I do!

I'm freezing! Someone get me a towel.

What else can I fit on this plate!

It's raining cats & dogs.

What a relaxing day.

Rafting Trip

Paddles ready!

What a weekend!

The water was cold and the rapids were high. We woke up early that morning, ate a hearty breakfast, braved the rapids, and then hit the hot tub. Only one of our crew fell in, but nothing serious happened. It was great to be up in Maine for the October weekend. The weather was beautiful and we really had a sense of accomplishment at the end of our adventure.

Spooky World!

Spooky World is the perfect place to go to get into the Halloween spirit. The long line for the hayride was made enjoyable with karaoke. After almost being pulled off the hayride by a chainsaw maniac, you think the fun is over. However you'd better think again as you enter the haunted house for another round of screams. Everyone had a great time in Spooky World, even those who came out saying "No more spooky!"

Please don't grab me!

Yum, candy apples!

Get me out of here!

Karaoke Night

"We're not getting on stage!"

"Hey! Are we gonna sing? Or no?"

Karaoke night was a night filled with fun and excitement. It started off with an exquisite dinner, including Strawberry daiquiris and Pina Colada mocktails. Then the singing began! Many of the prospective high school students were daring enough to venture on stage and sing songs like 'Baby, Baby, Baby' by TLC and 'Hangin' Tough' by The New Kids on the Block.

"Brown-eyed Girl!"

"Oh what a night! Late October back in '93"

"The New En Vogue!"

This year the annual Father and Daughter Day featured a trip to Foxboro to watch the Patriots play football against the Buffalo Bills.

At the stadium, we had a cookout first, and then found our seats for the game. Although Buffalo won in overtime, it was a great time. Fisher did it right. It was a nice day with Dad.

On December 4, 1993, the girls were able to spend a day with their moms. The day started off with brunch at the Sheraton in Boston. After brunch there was a tour of the new Prudential Center followed by an afternoon of Christmas shopping at any or all of the local shopping areas. The day was concluded by a night performance of the traditional holiday special - The Nutcracker at the Wang Center. It was a lovely day for all who attended.

Holiday Cheer

Mr. & Mrs. Christian Fisher

December 10, 1993 . . . There wasn't any snow along the Boston streets yet, but there was most surely holiday cheer in the chilly air. The Colonnade banquet room was filled with Fisher students and their dates, faculty, and even President Fisher and his wife Michelle. Fun was had by all. There were fantastic munchies, friendly atmosphere, and lots and lots of super music to dance to. Due to an overwhelming response this year, a second ball was planned for February.

Santa was good to us!

We're with him!

Great food!

Shall we sing?

Fresh grapes!

President Fisher introduces Santa Claus

As we were preparing for the holidays, Fisher threw a party with an Italian theme. The food was great and the decorations were enough to make your heart long to be in Rome. Santa came and gave us each a cute teddy bear. Some of us sang songs and some just danced. We all shared our holiday cheer with one another.

Happy Holidays!

Rome, here we come!

Aren't we cute?

Fashion Show 1993

The theme of the 1993 fashion show was music and that is why it was entitled "The Sounds of Fashion". Each scene was guided by and performed with the background music.

The show, in general, was a big success and was received well by the audience. Former President Dr. Scott Fisher said it was the best show he had ever seen by the college.

Some of the major things that the fifty-five students had learned from doing this show were how to lead and direct other people and how to be in contact with stores. Also, seeing and following through with the completion of the show and to manage everyone's schedules for practice times.

Dorm 102 - the champions

Dorms 104 and 106 took last place, but it didn't stop those fabulous Fisher smiles.

Do you want to fight for it, or can we share?

This is the way God intended us to wear pantyhose.

Will my professor mind if I wear this class?

Tell me it's only a dream.

What's that?

The officials take a break

Can you please pass me a marshmallow?

Is this the way you're supposed to wear pantyhose?

The commuters placed 4th but still carried the torch
